I understand the process of term partnership capital funding and strongly agreed as a term partner i can contribute in capital funding as per pattern slab (as pattern **CF024UA** and **CF024UB** are group cap funding the unit capital funding minimum ₹10,000 X 10 units and maximum ₹1,00,000 X 10 units) and (for pattern **CF024IA** to **CF096IA** and **CF024IB** to **CF096IB**) minimum ₹1,00,000 to maximum ₹10,00,000 on written deal and if I want to pre-exit from group, then I have to intimate 30 days before in written intimation to active group members along with admin and directors of group, as per group norms I have to survive in locking period of 6 months and no withdrawal in locking period, the return on capital funding will be as per set pattern, which is acceptable to me.
